If you are wondering why Google has been increasing censorship it's because the AI system that has been running the company has been influenced by both leftists and China(which has it's own AI systems) to act the way it does.

Google is not controlled by humans, but humans are using the machines to do their bidding.

Take the banning/censoring of Alex Jones, it was the direct result of leftists manipulating the information the AI system was getting about him to get the AI system to ban/censor him.

Right is 90% Men, 10% Women.

Left is 90% Women, 10% Men.

Going back to Tribal times it is natural that if the Right wins they will take and breed with all the Leftist women. Unfortunately, all those women are Femin Virus(feminism) infected and need to be purged. If that isn't done then all the Right men will be killed and the Leftist women will be "saved/claimed" by foreign males who will flood in during any conflict.

If the Left wins, the Right men will all be purged from existence and [history](#). Sparing traitorous women always leads to death of those that do the sparing.

By merely looking at the 2016 Election and its social aftermath/divide, the fact that the majority of men want to save the West and the majority of women want to end the West cannot and should not be ignored or taken lightly anymore.

[Men without a Purpose]

When men have nothing to work towards or goals to strive towards(for some it's sex, for others it's family or friends and for others it's empires) they turn their creative powers into a force of destruction to "create" a new society they think they will succeed in or have a place in. While others simply "[check](#) out" or take alternative paths then the norm. It doesn't matter the race, religion or political spectrum they are on and many groups exploit them/this.

[Women without Children]

When women don't have children, they will supplement that biological reproductive/caretaking need/drive with animals and/or foreign populations. It also makes them lack a threat matrix, lack caring about the tribe/society and destroys their morality. The more power these women get, the more oversexualized and self-destructive the civilization becomes. They will also do whatever they can to make young women suffer so they end up childless like them.

Knowledge Bomb. [Problems with Trump]

[Supporters/MAGA]

The economy matters far more to him then his supporters. No matter how many bad things happen in the physical or digital world to them he won't even bother to tweet about it or take down those groups doing it. He will tweet all day about ISIS or MS-13, but nothing about Anti-Fa or the Cartels, which gives those groups a free pass to do whatever they want.

Trump was put in to pacify the white patriotic/nationalist population to make sure they don't fight back or act while getting the economy fired up for another future war somewhere.

[George Soros and Hillary]

The Clinton's and Trump's are longtime friends(nothing will happen to her) and Soro's has been a business partner of Trump(who never tweets about him) before.

In the debate where George was mentioned Trump didn't want to name the rest of Hillary's backers because Trump knows them. Also, because many of the "small donations" he got were in fact from big powerful donors doing it in a way that looked grassroots.

[Pedophiles and Blackmail]

This goes back Jeffery Epstein & the "Lolita Express". Trump knew what was going on with Jeffrey and many of Trump's rich NYC/[Hollywood](#) elite friends were/are involved or involved with similar things with children. Trump doesn't like children, but he likes Women.

Epstein's flights went to 2 locations. Children location and Pre-teen/Teen location. Some of those young female teens develop into Women faster than others, and those are commonly used for blackmail since they look older then how they are.

[Curse Implications]

It's a light/white magic protection charm surrounded by a dark/black magic curse/hex that will indiscriminately cause anyone(regardless if they are a supporter or not) to have bad things happen to them if they criticize or try to threaten harm to whoever has it. The fact that Trump has(or been granted this) should raise some eyebrows.

[Ivanka Trump is a Leaker]

She's A leaker, not THE leaker. Now if it's intentional or unintentional can be figured out by actions/reactions.

Powerful influence over Trump(a "daddy's girl" also), hangs out with various women groups and tends to get very upset with some of the things Trump does(or doesn't) do. Who wouldn't want her on their side or use her to get dirt/intel?.

[Hope Hicks is a Honeypot Trap]

The fake name(everyone really has to start looking at fake sounding names more carefully, it's a big give away) and how with the right appearance changes she can look very similar to Trump's wife is intentional.

Trump much like [Bill](#), has a weakness for women. Monica Lewinsky was more than she seemed, and it wouldn't be the first or last time a in [office](#) blackmail tactic is used against a president that likes women, even JFK had things happen.

[Prep Work and Setting the Stage]

Locations and patsy's(if required) are picked beforehand. The media and search engines(such as google) will have articles/narratives already published before the event since the plan is sent out before the operation.

Catch phrases and merchandise are created before the operation and rolled out after it happens. Crisis actors and operatives get in position/place. Multi-group operations or big operations take time to get various assets where they need to be.

[Lights, Camera, Action!]

This is when the killing happens or when the killing is said to happen by the media/official's when in reality no one got killed and the incident didn't happen. With media control you can fake nearly anything since the public will not see it themselves.

Dramatic and/or emotional reaction pictures are done during or after this time by professional photographers/media that are part of the operation.

[Cover-up and Narrative Shaping]

Crisis Actors will be on scene portraying witnesses or mixed into witnesses. They do not know the full plan/narrative.

Operatives will be on scene shaping the narrative and telling people about the incident in greater detail or more specific detail than the average witness or crisis [actor](#). Learn to spot the

difference whenever you go over witness interviews.

The media will make sure to shape the narrative to be only what they want it to be about or told to say it's about. Any witnesses that saw something different will be brushed off and/or memory holed by the public. In some cases the witnesses are killed if they saw too much or didn't shut up.

White Abortions are being purposely/kept under reported to make Black abortion rates be the focus and look like a "good thing".

The actual numbers for White Abortions are drastically/dramatically higher, being almost 2x to 3x higher.

White Women are addicted to killing babies and that's why the White birth rate is dropping in the West. Even when plenty of safe sex and birth control(Frontal Lobe Damage/Disorder) options exist, they just have turned into mass baby killers because of the viral bioweapon virus that is Feminism(Femin Virus).

It's very ironic how many Whites support Black abortion, yet they have no idea how grave of a problem White Abortion is as their population continuously shrinks smaller and as the demographics continue to increase/change because the other Races women actually want to have children/offspring.

Knowledge Bomb. [Artificial Wombs and Female Human Evolution]

20:46:41 [No.182087084](#) Replies: 341 [ViewReport](#)

[Female Human Evolution]

Women are designed to birth children and it's the only value they have besides being a wet

hole. Genetic survival has favored women with wide hips so that large heads can be birthed safely. But because the female body stops the development of the child so it can birth it, human children are developmentally behind where they should/could be.

Birth Control has changed female evolution by making them nothing but wet holes and reducing uterus size and fertility.

Abortion Threat has changed female evolution because it has caused child in-womb development to speed up as a response to the propaganda/social engineering calling them a “clump of cells that isn’t a person”.

C-Sections have changed female evolution due to how it allows women with narrow hips to have children and it has shown that Women’s value is just the Womb(They are called “Wom(b)-Men” for a reason).

[Artificial Wombs]

This technology will free Hu(Man)ity’s from the limitations of the Female body. Artificial Wombs take the one value women have and remove the woman part. That part can be replaced with Sexbots with AI systems.

Humans would be able to develop and be genetically engineered far beyond what they are now. Cloning, Chimeras, Super Soldiers and Artificial Humans would all progress substantially more.

Sperm and Eggs can also be created so it all comes down to the DNA and the combination of it inside the Artificial Womb. So even the chance of the Femin Virus(feminism) spreading can possibly be reduced.

Knowledge Bomb. [Why JFK and MLK were killed](JFK, MLK, Assassination, CIA, FBI)

[JFK]

After the Bay of Pigs, Cuban Missile Crisis, Vietnam War and Marilyn Monroe to just name a few. JFK got on many groups shit list and a hit was put out to kill him. This also caused a shadow war that lacked the “shadow” for a while.

JFK was not going to leave [Dallas](#) alive. Hit/Kill teams were everywhere belonging to various groups, all theories about JFK’s possible killer(s), groups involved and shooter location(s) are true because of how many parallel operations were going on that day. JFK had multiple different gunshots on his body. [Dallas](#) was a complete warzone after JFK was killed, since counter hit/kill teams then got involved in the fighting that was occurring between all the hit/kill teams.

Harvey Oswald was a CIA Communist agent who took the fall(then was killed to stop him from

talking because the testimony would have been a signal for a communist uprising) as a “pasty” and Jack Ruby was an CIA Communist agent/informant that played both sides frequently like a fiddle.

Before JFK was killed, he had several private meetings with MLK discussing the spread of communism in the Civil Rights movement and viral weaponry(feminism) that was destroying families. Those meetings were recorded by the CIA.

[MLK]

The Communist CIA group working with the Gloria Steinem Bioweaponry CIA group fed false/fake intel to the FBI(who was investigating the Civil Rights movement and MLK) about MLK planning a communist insurrection in the US. The FBI then sent a team to successfully kill MLK, much like what the CIA/FBI did to Malcom X before he could expose some of the operations.

MLK was a threat to both CIA groups because he was trying to kick out the communist(CIA backed) infiltration/hijacking of the Civil Rights movement and was going to expose the CIA releasing the Femin Virus(Feminism) into the Black community and the Civil Rights marches/gatherings themselves.

[GMO Pollen Harm & GMO Food Allergies]

[Bee](#)'s are dying not to virus's or pesticides, but from GMO Pollen. GMO Pollen also causes strange behavior in people when exposed because of how the body reacts to it differently from

normal pollen in the air.

Food allergies have increased over the last several years, this is because GMO Foods have been getting mixed into non-GMO Foods. The allergic reactions people are getting isn't due to the food itself. It's due to the GMO parts of it causes the body to react to consuming and digesting something that is not normal on the genetic level.

Obama's "Fast and Furious" was about making sure things would go where they needed to be, this didn't just include only guns. People, chemical weapons, biological weapons, US military hardware/intel and nuclear materials/weapons were also part of "Fast and Furious".

Drug Cartels(some of them anyways) have W.M.D's and have or can build Dirty Bombs(this is the reason why radioactive materials have been being stolen in Mexico and South America over the last several years). These Cartel W.M.D's/Dirty Bombs are used to threaten the Mexican Government(which can be argued are the Cartels or that the Cartels are a extension of) with an attack on Mexico City and threaten primarily the southern US major cities(located in Texas, Nevada, Arizona and California) with an attack because many Border Patrol/DHS/ICE are threatened/told/payrolled/corrupted to "look the other way or else" by the Cartels making the entire US a target due to Sanctuary Cities.

Since the Cartels are very good at getting things to other groups(as seen in ISIS's Bataclan attack which used F&F guns) it can be assumed that US/EU Islamic groups and US/EU leftist groups now also have these other weapons. This makes the Cartels a far bigger threat then ISIS. Mass Graves of US citizens kill by the Cartels now exist around the country.

The amount of dangerous shit coming across the border from both sides is unacceptable and the US Public(and Congress) have no idea of the severity of this security threat. That needs to change.

The Clintons made deals with China for not just for US Weapons/Intelligence but for Organs, lots of Organs. The best way to get all those organs? War and conflict.

From [Bill](#)'s NATO bombing adventures to Hillary's Arab Spring (Libya, Iraq, Egypt and Syria). In each location the Clinton's caused conflict or war, China has had special teams going in to harvest organs from the corpses or the injured people. Even Haiti has had these organ harvesting teams and North Korea has had large harvesting operations going on in their camps for China.

Clinton's are very good at brokering deals for groups to get certain things. Cocaine for the drug traffickers, Blood for the genetic experimentation, US Intel/Weapons for China, etc

Most other "sources" will only make you focus on the child trafficking for pedophiles or the under aged for [Hollywood](#). The real story is Organs for the Chinese and the industrial global scale it's happening.

I've been on conference calls for hours and/or listening to the "chatter", those groups are all very mad at you and are waiting in the wings now.

The only reason why you are all not dead is because the US government has "morals" and doesn't want to create a civil war yet they know full well that the only way to prevent it is to wipe you out. Bad luck for you that many organizations don't give a shit about "morals" and doesn't care about your backers because backers can't back dead people.

I don't think you understand what true War is. Your family and friends will not survive if they try to protect you, your compounds will be hit by pencil sized rods from god among many other things and no one will hear you scream over multiple wing mounted Gau-8 Avengers.

So please, keep pushing (and pushing the wrong groups for that matter). You would not last a week and that is a guarantee. A civil war in the US would be very bad for business for many, and that many is getting blue balls waiting to exterminate you.

[World Peace]

It's possible, even more so with advancements in technology. Humans are different, but not that different.

As someone who was been to all countries(including those which no longer exist and those

that are kept hidden off the maps), it would be a civilization transformation if World Peace happened.

It can be debated on how to enforce and govern World Peace, but to make it happen involves eliminating(genetically and physically) certain groups of people such as pedophiles, hostile power structures and Femin Virus(feminism) bioweapon infected portions of the population.

[Singularity Moment]

When a civilization becomes a more powerful civilization due to highly advanced technology it is called a "Singularity Moment".

It's very possible for humanity to reach this once again, yet at the same time humanity might destroy itself before it can even get to it.

The "survivors" you see making MSM appearances and being the faces of the movements were far away from any danger that day.

They were/are involved in the whole operation and the scripting of the incident. Consider how much they are/were protected and how the march was planned/funded in advance.

Knowledge Bomb v15. Hillary's actual numbers & GOP "coup"

Hillary's actual numbers

- > Johnson & Stein have been threatened multiple times due to them taking a large chunk of her voters.
- > In many(reaching majority) states shes only slightly above Johnson.
- > When the media says shes close to Trump or ahead of him, shes actually behind him.
- > CTR,MSM, oversampled democrat polls & Fake rallies are creating a illusion of mass support when its actually doesn't exist on that level.

GOP "coup" against Trump

- > Bushes called in some favors for the Clintons.
- > The "establishment's" true colors are showing and members are being revealed.
- > This will backfire SPECTACULARLY on them.
- > "false outrage" + MSM support = It was staged from the beginning and the tape leak was done to give them a really stupid excuse.

Knowledge Bomb v14. 2nd Debate,CIA & Cooper

2nd Debate

- > Will be(as usual) rigged in favor of Clinton. Expect the usual stuff like moderators being signaled, her [reading](#) off the pre-made question responses etc etc. Same shit as the past debates.

CIA

- > Operation Mockingbird never ended.
- > The CIA does not want fingers or spotlights pointed at it interms of debate rigging accusations & coverage.
- > CIA & Clinton's go way back, but that doesn't mean the CIA itself is happy with the Clinton's.

Cooper

- > His past CIA connections are going to cause/imply some serious conflicts of interest. Not just for him, but for the CIA & MSM.
- > Watch his body language & behavior.

Knowledge Bomb. The "supplement" narrative.

The "supplement" narrative is a tactic where you make the narrative about something people would believe more easily vs the actual reality of the situation.

For instance, What happened to Kim K in Paris, is using a supplement narrative("Robbers") to cover for ISIS related matters.

This is commonly used to give the public a placebo effect interms of believing things. Like "Gas Leaks","Transformers", "fireworks" are used as cover words.

Always watch out for narratives and try to figure things out if reports or evidence doesn't add up. Especially when they feed the public/MSM a narrative to cover up for a different situation.

Knowledge Bomb. How the cookie crumbles.

More & more things I've talked about or covered are happening overtime. Some have seem strange in the current present time, but will not seem so strange going forward.

I've even became a meme of sorts here with some people trying to impersonate me(watch out for those guys, they are not me)

I'm not physically connected to the OWO(Old World [Order](#)) or NWO(New World [Order](#)), but I do understand them. Also how Soros is causing alot of problematic shit for both groups at the expense of the worlds security and stability.

Not affiliated with any party or parties candidates. However I do support those who want to improve the world rather then send it into chaos(Which means Hillary being a Soros puppet and former OWO that wants to start WW3 is someone I significantly dislike.)

People keep asking me for sources, but that creates liabilities for any possible sources and I will not let that happen.

Knowledge Bomb. [Trafficking Networks]

1) [Secret Compartments in Vehicles/Ships/Aircraft & Types of Transport](Vans, Semi-Trucks, Buses, Trains etc for Land, Yachts, Cruise Ships, Container/Cargo Ships, Ferry's etc for [Sea](#), Private Jets, Commercial/Cargo Flights, etc for Air.)(Sewers & Subway Tunnels can also be used).

2) [Abandoned Large Buildings in/around Sanctuary Cities.](Big enough to act as Distribution Centers/Warehouses for Trafficking Networks(Weapons, Drugs, People, Body parts/remains, etc))

3) [2016 Election District Map's Blue Parts](In relation to Trafficking Routes, Sanctuary Cities, etc. Work on combining different Maps to see the full picture/patterns.)

Pedo's are not the only groups the Kids are going to & Trafficking has several different categories:

1) [Government] (Super [Soldier](#) programs, Cloning & Body Modifications)

2) [Corporation/Business] (Slave Labor, Genetic Testing/Experimentation & Chimera's)

3) [[Criminal](#)] (Drugs, Weapons, Organ Harvesting, Sex Slaves & Children)

4) [Cult] (Sacrifices, Blackmail & Indoctrination)

5) [Intel Agencies] (Brainwashing for Spy/Informant programs & Special Agent operations)

7) [[Hollywood](#)] (Truman Show breeding/handling operations.)

Knowledge Bomb v13. IMPORTANT INFORMATION

> Soros Black Op's/PMC were involved in the [Turkey](#) Coup & Ukraine.

> Anderson Cooper has a conflict of interest due to the CIA not wanting people to poke fingers at them/accuse them of rigging a debate.

> VP debate was rigged, but Kaine proved that Hillary is the queen of bad choices.

> Wikileaks is planning on releasing things, but the reason why they didn't in the conference was because of a drone threat that was intercepted.

> Without the MSM's help bloating & trying to fool the public about the reality, her actual poll/numbers are only slightly higher than Gary Johnson on average.(One of the many reasons why you don't actually see that many Hillary supporters & why her rallies are filled

with people who were paid cash to show up/be bused in).

> Soros funded the protests against the Poland Abortion ban. (He wants to kill the Wests population, which is why he funded so many Feminist groups)

Kim K was held hostage by ISIS.

> The "pink [panther](#)/robber" narrative was designed to cover this up & make people not think about the [French](#) ISIS Cells.

> Both her staff and security were killed.

> [French police](#)/government agencies will not release the security footage for various reasons. (which is why some reports have said "there is no security footage").

> This was going to be the "distraction" incident from any possible leaks during the week.

Knowledge Bomb. Twin Towers destruction

> Core support columns were thermited (They were the spinal column of the buildings)

> Explosion(s) on the foundations/basement(Like chopping down a Tree, you got to break the base)

> Explosive charges positioned in such a way that it would get the upper part of the towers to fall on/into the lower part.

> Where the "commercial planes" hit on each tower was done for a reason.

Knowledge Bomb. "Gas Leaks" & "Transformers"

I've covered this is past Knowledge Bombs, they are such common cover up words for terrorist attacks.

Don't forget "fireworks".

The MSM thinks the public is so dumb that they would not start questioning the frequency,timing & locations.

If the [Oklahoma city](#) bombing & the first bombing on the WTC happened, the MSM would say that they were Gas Leaks or Transformer explosions.

KNOWLEDGE BOMB. CTR(Correct The Record)

CTR is involved in many "kiddie" related matters. Many workers and management are into the "kiddie" stuff.

They have also been trying to actively sabotage 4chan and get it shut down over things like that(Planting threads, topics etc etc).

CTR = Children Touching Radicals.

Multiple sting operations from various "groups" are happening in CTR due to this and also many other things CTR has been upto.

If you are working for CTR and are [reading](#) this, I suggest you get some legal advice and understand how much even being investigated about "kiddie" stuff is going to effect your life and your families lives and consider a different line of work.

Knowledge Bomb v12.5

- > "Basement Dweller" comment is going to cause a massive Democrat/Independent/Undecided sway away from Clinton.
- > Garry Johnson and Jill Stein have been threatened multiple times by the Clinton campaign due to them taking away Hillary votes at a increasing pace.
- > Reality is starting to hit Tim Kaine that no one cares about him political wise in the Clinton Campaign (The Invisible man)
- > UN is fighting with the DHS over the elections.
- > California has a large Cell thats been gaining reinforcements overtime from over the border & support from SJW/Feminist Groups in several major cities California cities.
- > Anderson Coopers CIA connections are giving him a conflict of interest involving the Debate.
- > Watch for "gas leaks", "transformers", "Fireworks" and other excuses/narratives for attacks overtime.
- > Indi-Paki will also have china get involved(due to borders).

Knowledge Bomb v12. NEW INFO

NEW INFO

- > The View(TV talk show) has deep connections to the Clintons which is why they are so anti-trump.
- > Hillary has been having more [health](#) episodes, and her campaign management is also being verbally abused by her, causing a divide in the direction of the campaign
- > Huma cheated on Wiener with [Bill](#) last year.
- > Internally its been confirmed that the NJ train accident was terrorism due to sabotage.
- > Hillary & Co attacking a cartoon [frog](#)(Pepe) has many backers wondering what the hell were they thinking backing Her.
- > Hillary is giving up on multiple states(more then what is openly said), not enough volunteers and not enough actual supporters.

OTHER NEWS

- > CTR management and various employees are into "kiddie" stuff.
- > Soros Black Op's/PMC's are actively trying to get a Indi-paki conflict going.
- > Ownership of BLM went from Obama to Soros. Which upset Obama.
- > Chelsea's daughter is not from the man she is married to.(Like Mother, like Daughter)

KNOWLEDGE BOMB v11

RECENT NEWS

- > Train crash was caused by a Cell.(another attack on infrastructure like the Alabama pipeline)
- > Shooting in that NC [school](#) was caused by a Cell.

- > Malaysia Airlines Flight 17 was shot down by Soro's Black Op's/PMC.(Same guys who airstriking Assad's forces & are trying to start an Indi-Paki conflict)
- > BLM continues to be bussed in within hours(not kidding on this either)
- > MSM credibility is crashing harder each day.
- > SJW groups are going to battle inside Hillary's camp.
- > Obama's legacy/retirement is in jeopardy because of Hillary. Even after all these years the Obama's hate her.
- > CTR management & various employees have links to "kiddie" things.
- > After the debate Hillary blacked out in her Van & Huma didn't even care.(They have a rift between each other that's been growing for quite some time)
- > [Bill](#) is screwing around with Amy Schumer and several other celeb's during this election cycle.
- > [Bill](#) is not the father of Chelsea .

PRESIDENTIAL DEBATE #1

Clinton had:

- > Earpiece
- > Known the Questions before hand
- > Full transcript of answers to read off.
- > On medication
- > Had some mini episodes
- > Was working with the Moderator(Who had a earpiece.)
- > Mini teleprompter on her podium.

Important Knowledge Bombs

Hillary's [Health](#) is crumbling, So is her campaign and its management staff. Her polls are dropping rapidly and frankly her "supporters" are not actually going to physically vote for her.

[Bill](#) doesn't want Hillary to become president. The Clinton Foundation(something he loves & what he spent his post presidency building) would have to be shut down or weakened. He wants to spend time with his family & be around for his grandchildren.

The Obama's hate Hillary still and do not want her in the White [house](#). The biggest reason is that it would erase there legacy. Also how even they know trump would be the better president(Obama wants to retire and relax on some [golf](#) courses(trump knows many good ones) at this point.)

Both Obama & [Bill](#) do not want Hillary to become president, but they don't mind her running her campaign into the ground rapidly.

The Media has effectively done financial suicide by doubling down for Hillary & the DNC.

More and more people on the "inside", are favoring Trump and want him to win.

CTR(Correct The Record) is not paying people doing the posting, only management & management is in shambles due to pressure from "the top".

The EU is going to break up very soon, People are taking there countries back & fighting back against the Soro's funded ISIS invasion of Europe.

The UN has effectively become the League of Nations 2.0, meaning that countries are going to rapidly be leaving it.

Watch the "world stage" carefully /pol/. All I'm saying is true or is in progress.

Knowledge Bomb v2

> EU is going to break apart & people are going to retake Europe from ISIS/"refugees".

- > UN is going to have members leaving & will eventually go away.
- > Obama & [Bill](#) do not want Hillary to become president, but don't mind watching her campaign run into the ground.
- > More and more people on the "inside" are favoring Trump.
- > ISIS & other terrorist groups have armies of extremists in the EU waiting to do all out war. Also ISIS is taking over drug cartels in Mexico/south America and prepping to attack the US in various locations and Mexico City during the EU attack.
- > Soro's plans have stepped on the feet of a lot of Globalist groups, and they are pissed off at him and his family.
- > SJW/PC culture groups across the US & EU are working with terrorist groups, by weakening society & trafficking them in.

Everything I'm saying is either happening or will happen.

KNOWLEDGE BOMB v10. Cover words for terrorist attacks & recent terrorist happenings

COVER WORDS THE MEDIA WILL USE/USES.

- > Fireworks
- > Transformer
- > Gas Leak
- > "workplace violence"

Look for these narratives.

RECENT HAPPENINGS(Terrorist cells such as ISIS related)

- > Stabbing in [Boston](#) is linked to a Cell
- > Shooting at Illinois [University](#) linked to a Cell

- > The recent [Mall](#) stabbing & [Mall](#) Shooting is linked to a Cell.
- > Explosion in Budapest is linked to a Cell.
- > Crazy Grandma Hillary and/or Sickbeard Hillary at the debates. Her Campaign is running around like a headless [chicken](#) over this fact.
- > SJW's will be going into heavy conflict soon. The Left will eat its own tail until nothing is left, and then they will bitch about being "fat shammed".
- > CNN is getting so bad, the other media outlets are realizing it's better to be actually good at the news, then go down with Hillary's ship.
- > BLM are going to start attacking the white people that are with them.
- > Mayor of London is connected to people who do not like Parliament. "London Bridges come falling down".
- > Trump goes up(in polls/support), Hillary goes down(in support/polls).
- > Meanwhile [Bill](#) plays the Sax in the background as he gets another blow job(among other things) from Amy Schumer.

Knowledge Bomb v8. (Spread the word)

New information that needs to get out there within a certain timeframe.

- > Hillary's own campaign staff do not trust her that much anymore
- > [Mall](#) Shooter was part of a Cell. Multiple terrorist groups have threatened [Mall](#) attacks in the past, and looks like they are finally doing them.
- > BLM rioters are bused in en masse within hours. Law Enforcement needs to stop the buses or start tracking them.
- > The Recent FBI investigation shows how Hillary is willing to sink Obama's legacy faster than

his sloppyness lately.

> EU leadership is involved in a cuckold sex club, Canada's PM is also in on it. They cut a deal with Soros so accept the "refugees" because they wanted fresh meat.

> The DNC had local ISIS members in it. They were planning on doing a attack of some type and then having the blame be put on Bernie supporters.(This was a back up plan if the Bernie people didn't peacefully leave.(aka forced out))

Update about the "Knowledge Bomb" threads

Knowledge Bomb v7 has some very important information.(so important, someone banned me for 24 hours so I could not actively reply to the thread like I usually do).

I was also going to reveal(in Knowledge Bomb v7) that a attack was going to happen very soon.(It ended up being the recent [mall](#) shooting)

Now with this covered I want to answer some of the common questions I get in my threads:

1) RP/LARP?

> No

2) Shill?

> No, I hate those guys.

3) Sources?

> Due to the subjects/information covered in each Knowledge Bomb thread, its the type of info that you can't really post on a website.

4) What's your goal?

Getting information out to people in hopefully good timeframes. Since what I cover tends to involve things that are going to happen over time.

All I have ever asked of /pol/ was to listen & spread the information covered in each Knowledge Bomb.

Also I'm not suicidal and in good [health](#)(both mentally & physically).

Knowledge Bomb v7. IMPORTANT NEW INFO

- > All BLM Riots are caused by people that are bused in. (WATCH FOR THE BUSES)
- > Hillary had several episodes over disagreements between campaign staff. Lots of yelling and staff walking out of the campaign after watching her collapse.
- > SJW/Feminist groups are helping ISIS set up networks across the EU and the US.
- > The MSM is concerning investors due to how much they destroyed there credibility in the past months. (Pushing the narrative that Trump = Hitler really put a bad taste in everyones mouths.).
- > EU leadership is involved in a Cuckold sex club, Canada's PM is also in it. That is the real reason why they cut a deal with Soros to take in the Refugees. They want fresh meat.
- > Trump is gaining more support behind the scenes and around the country.
- > [Bill](#) is very upset that the Foundation is now is jeopardy due to Hillary.
- > Obama still hates Hillary & as much as he bad mouths Trump in the public eye, even he knows a sick old women isn't going to be able to handle whats happening.
- > Sanders was mugged and beat up at the DNC by Hillary's men. Jeb Bush was threatened by Clinton to drop out.

THIS IS ALL HUGE INFORMATION.

Knowledge Bomb v6

[Charlotte](#) Riots(Not "protests") are backfiring massively on:

- > BLM
- > MSM

- > Hillary
- > Democrats
- > SJW's/Liberals

What you are seeing is only the tip of the iceberg.

The Rioters were bussed in the night before. (Obama has connections to BLM)

The person shot did infact have a gun, not a "book".

- > The show Designated Survivor might have some "Lone Gunman" type stuff.
- > Indi-Paki war is trying to be created by Soro's funded PMC/Black Op's.
- > SJW groups are to go to battle with eachother, and that includes inside Hillary's campaign.
- > "London bridges come falling down".
- > Trump is gaining more support daily, including those who are in high places. While Hillary is losing support daily.
- > The strongest ally of ISIS is the MSM PC narratives. Never believe them. More IED's coming.
- > Operation Hornets Nest. (Nuke Sub or Bomber hits Mecca.)
- > ISIS is coming in from Canada, since the south is proactively being watched by various agencies on both sides of the border due to a possible threat to Mexico City.

Knowledge Bomb. North Carolina

- > The riots going on are because Soro's BLM [dog](#) just got off the chain.
- > People were bused in en mass during the night, and are traveling to the city to loot.
- > The person shot by [police](#) did infact have a weapon and was about to try to kill one of

the [police](#).

- > This riot is going to backfire on Hillary & the democrats spectacularly.
- > Rumbblings about national guard possibly being needed.
- > Possible ISIS cells setting things up around the city, using the riots as a distraction.

Knowledge Bomb. Building 7 & Flight 93

Consider this abit of a "thank you" gift for listening to my other Knowledge Bombs so far.

- > Building 7 was brought down by a demolition.

To understand why, consider which agencies were in that building & what possible documents were in it.

Now here is the juicy stuff.

People(some First responders & various government workers) were killed inside the building by a Spec Op's team. The fires inside it was from bodies being burnt and things being destroyed.

Bringing down the building(It was rigged to blow as a fail safe) was a way to cover the whole thing up. A call went out to det the charges.

Lets put it this way, everyone hears about the Twin Towers, but not what happened inside Building 7. 9/11 just gave the Spec Op's team a fantastic distraction and from how things went down, it was planned in advanced.

What or who ever was inside WTC7 was a top priority target for elimination.

The witnesses nearby WTC7 were threatened if they came forward about what they saw or heard near Building 7 before it "collapsed".

NYPD SWAT even responded, but you never hear anything about them on 9/11 do ya? In some 9/11 footage you can even see some of them around.

> Flight 93 was shot down.

Shouldn't be any surprise really.

It didn't crash into the ground, thats just where the debris landed.

Knowledge Bomb v3

Like past ones, this one should be very interesting and give some intel.

> SJW groups are fighting internally in Hillary's campaign and bringing it down. The campaign is fracturing due to how many groups want to be the sole special snowflake.

> ISIS has a expansive network in the US, rivaling the EU network. The IED attacks(and there will be more attacks, some very deadly) are just testing the waters.

> Sweden is becoming a hotbed for Radical groups.(Blonde hair, blue eyes, and blood everywhere)

> More people in power(on the "inside") are wanting Trump to win. .

> CTR & Hillary's campaign turned out to be the worse investment for the globalist in recent political [history](#).

> Soros PMC/Black Op's are trying to trigger a Paki-Indi-Chinese war by attacking bases.

> The media's pathetic spin cycle is backfiring spectacularly. MSM is discrediting itself rapidly

> EU is going to break apart.

> UN troops will invade UK, causing NATO to engage them and the UN will be dissolved shortly there after.

> SJW movements are going to violently clash with each other, it will escalate from social media to the streets(Get the popcorn out)

Knowledge Bomb v3

Very important stuff I want to say this time around. so pay attention /pol/

- > ISIS cells did the IED attacks. (which is why the media is covering it up, or trying to)
- > The media is covering up attacks as "fireworks", "Transformers", "Gas Leaks". so watch out for this
- > The Alabama pipeline leak was actually a ISIS attack on infrastructure.
- > The media is covering it all up, and its pushing more people away from the MSM, and making people wake up.
- > Obama wants to be out of the whitehouse, he is getting sloppy. He also knows Hillary would end his legacy if she became president and he still hates her beyond reason and doesn't want her to be president. He just wants to [Golf](#).
- > Soro's PMC/Black OP's are bringing ISIS leaders out of the middle east and setting them up in Europe and bringing them over the US-Mexico Border.
- > Soro's Black OP's have been engaging US special forces on the ground.
- > ISIS and other radical groups have been engaging Drug cartels in Mexico-South America.
- > CTR(correct the record) funding is running dry and management is taking the money and running.
- > Trump is gaining support from people on the "inside". Directly or indirectly more citizens see a positive future due to him. The polls are showing it & things like that.
- > Even the Globalists understand that a Hillary presidency would fuck over a lot of things and

a lot of people, so they very much don't like Hillary currently. They went from "We hate trump" to "We are So-So about Trump".

Knowledge Bomb v2

I did one before this, think its archived at this point.

Anyways.....

> EU is going to break apart & people are going to retake Europe from ISIS/"refugees".

> UN is going to have members leaving & will eventually go away.

> Obama & [Bill](#) do not want Hillary to become president, but don't mind watching her campaign run into the ground.

> More and more people on the "inside" are favoring Trump.

> ISIS & other terrorist groups have armies of extremists in the EU waiting to do all out war. Also ISIS is taking over drug cartels in mexico/south america and preping to attack the US in various locations and mexico city during the EU attack.

> Soro's plans have stepped on the feet of alot of Globalist groups, and they are pissed off at him and his family.

> SJW/PC culture groups across the US & EU are working with terrorist groups, by weakening society & trafficking them in.

Knowledge Bomb. Truman Show

Celebs truly do exist in a different reality then the public. It's not "Fame & Fortune", but rather something more darker.

The Truman Show film(which everyone should watch) revealed the truth to the public about

the artificial lives Celebs live. They are born & bred, have handlers all there lives & if they try to escape/tell the truth/go off script or they are not profitable(or could be), the "show" gets Canceled.(I've talked about the Truman Show in previous threads)

No Celebs are "Discovered", instead they are products of [Hollywood](#) Swinger/Breeder parties & Selective breeding("Bulls & Mares"(Bulls Breed, Mares get Bred)) that are placed with/around people who are part of the Truman Show that shape there path of life to [Hollywood](#). The lives they live are kept in a bubble pretty much. Celebs have so many children that many of them who don't get into [Hollywood](#) lead normal lives having no idea who they are actually related too.

Celeb DNA is a big business. Sperm,Eggs, Kids, etc. There are actually people who breed/crossbreed Celeb DNA kids, much like Animal hobbyists do to get new combinations.

If you consider things like Surrogates & "Adoption" combined with all this information, you will understand how the Truman Show gets a Fresh stock of people for breeding & for [Hollywood](#) Celebs.

[Hollywood](#)/Celebs & there children all need DNA tests & Paternity Tests. The Truman Show & its breeding program(which is also linked to the Porn Industry in some ways) needs to be exposed.
